

Electricity tariffs on King and Flinders Islands.

This tariff schedule is published in accordance with the provisions of the *Electricity Supply Industry Act 1995*. The following schedule should be read in conjunction with the *Standard Terms and Conditions for Bass Strait Islands Customers* and the *Bass Strait Islands Customer Charter*, copies of which can be found at momentum.com.au/bass-strait-islands. Information on your solar feed-in tariff can be found at momentum.com.au/bass-strait-islands

From 1 September 2022, the new energy tariff will be 29.033c per kWh.

The energy tariff (Tariff 51) and daily supply charges have increased by 11.88% in line with movements in mainland Tasmanian regulated prices. The pricing for public lighting, contract lighting and the schedule of service fees is based on the Australian Energy Regulator's 2022-23 pricing approval for TasNetworks for mainland Tasmania.

Life support and medical cooling or heating

Eligible customers who:

- use an approved life support system, or who live with someone who uses such a system, in their principal place of residence, or
- have, or live with someone who has, a medical condition that requires the cooling or heating of the customer's principal place of residence in order to manage that medical condition,

may be entitled to a concession. More information can be found on the Tasmanian Government website at concessions.tas.gov.au.

Concessions

Pensioners, Health Care Card, Immigration Card and Community Detention Card holders may be entitled to receive a rebate.

GST

All prices in this schedule are inclusive of GST.

King and Flinders Islands supply, all customers

Daily Supply Charge 93.188 ¢ per day

Tariff 51 (energy all units) 29.033 ¢ per kWh

Connection fees - New builds and upgrades

- (a) Connections with requirements of up to 25 kVA will incur a fee of \$2,050.66 plus \$456.99 per kVA of capacity in excess of 4.5 kVA.
- (b) Connections with requirements above 25 kVA will incur a fee made up of the actual cost of replacement or installation (including all material, labour, overhead, delivery and other relevant incidental costs), plus 15% of those total costs to cover ongoing maintenance and service costs.
- (c) A design deposit of \$500 is payable upon the submission of a connection application, to cover the cost of engaging external parties for preliminary design services.
- (d) For larger projects, you will also need to pay an application fee of \$2,512.92 to progress your connection.
- (e) Any design deposit or application fee paid by you will be deducted from your fee if you proceed with the connection. If you don't proceed with the offer to connect, the deposit and application fee will not be refunded.

General

The new tariffs will be applied on a pro-rata basis commencing with the first customer bills issued after 1 September 2022. The above fees and charges will be adjusted on an annual basis.
